CATALOG ILLUSTRATION DISCLAIMER

The Meritor Product Photo and Illustration Sections are to be used as a supplemental aid in identifying the configurations and specifications of many of the hydraulic brake parts found in this Catalog.

CAUTION

IN NO CASE SHOULD THESE PICTURES & ILLUSTRATIONS BE USED TO MAKE PRODUCT SUBSTITUTIONS. USE THE APPROPRIATE CATALOG APPLICATION DATA TO DETERMINE THE CORRECT PART.

These illustrations are intended to show the configurations of **Meritor parts only**. The outward appearance of these parts may or may not match OEM or competitive parts.

The Photographs and Illustrations shown in this catalog are typical and may vary slightly in detail from actual parts due to manufacturing tolerances, and/or OEM design differences. The general configuration of the part will be the same, i.e. port positions, mounting holes, etc.

Many parts may have the same external dimensions, but have different internal dimensions and/or materials. These differences make it imperative that only the application guide be used to determine the suitability of a particular part.

The Casting Number Indexes and related information shown is to identify general product configurations. Casting numbers will change with different manufacturers. Casting numbers and much of the associated information is shown when available. Although Meritor believes the information contained in the Index to be correct, errors may be present and further investigation may be needed. Meritor cannot and does not assume any responsibility or liability for such errors or harm resulting therefrom.

WARNING
MANY PARTS THAT SEEM SIMILAR ARE DIFFERENT AND SHOULD NOT BE INTERCHANGED.
AGAIN, NOTE THAT THE PHOTO AND ILLUSTRATION SECTION IN THIS CATALOG IS NOT TO BE USED TO MAKE PRODUCT SUBSTITUTIONS, BUT TO IDENTIFY CONFIGURATIONS AND APPLICATIONS.

USE ONLY THE BRAKE FLUID SPECIFIED BY THE VEHICLE MANUFACTURER. DO NOT USE PETROLEUM BASED SOLVENTS OR CLEANERS.
