Fan Clutches and Upgrade Kits for Medium and Heavy Duty Truck

Made in the USA

Bepco, Inc.

Bringing the Best to the Aftermarket

TERMINATOR™ On/Off and TERMINATOR™-2 Speed

Don't just repair your broken fan clutch, TERMINATE it!

The patented "Alloy Wedge™" friction material provides more torque and twice the number of fan clutch engagements assuring significantly longer fan clutch life. The friction material and air seals are enclosed protecting them from pressure washing and harsh environments.

The TERMINATOR™-2 Speed adds the following benefits:

Reduce Noise- Speed one provides required cooling with less fan speed noise.

Unlimited Intermediate Speed- Unlike a viscous clutch the Kendrion clutch can run in speed one as long as needed without damaging the clutch.

Maintains The Torque- Throughout liner life. Others lose up to 20%

Twice The Torque Capacity- In speed one reducing full engagements

Long Fan Clutch Life- No contact between moving parts in speed one and fewer fan clutch engagements extends clutch life.

Increase Belt Life- Shifting between speed one to full engagement creates less belt shock and load.

Increase Belt Tensioner Life- Shifting between speed one to full engagement creates less shock and load.

Increase Fuel Savings- Speed one provides required cooling with less parasitic horse power.

Terminator™ Upgrade Kits for Drive Master™ Fan Drives

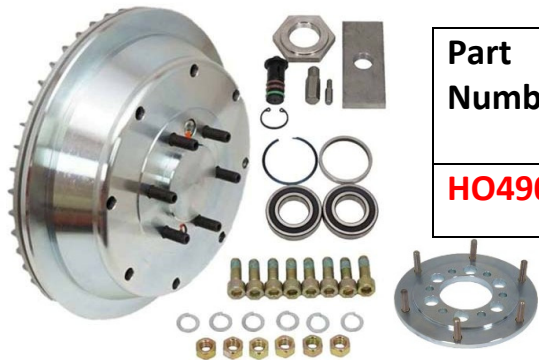

Part Number	Description
H4900	ON/OFF UPGRADE KIT (2 PULLEY BEARINGS)
H4902	ON/OFF UPGRADE KIT (1 PULLEY BEARING)

Part Number	Description
H4900S	2-SPEED UPGRADE KIT (2 PULLEY BEARINGS)
H4902S	2-SPEED UPGRADE KIT (1 PULLEY BEARING)

Part Number	Description
HM4900S	2-SPEED UPGRADE KIT (2 PULLEY BEARINGS)

Part Number	Description
HO4900S	2-SPEED UPGRADE KIT (2 PULLEY BEARINGS)

HUB BEARING KITS

HB1	Hub Kit (One Bearing)
HB2	Hub Kit (Two Bearings)

AIR CARTRIDGE KIT

EB0230	Air Cartridge, Retaining Ring, Face Seal, Screws

L100 Series Medium Duty Fan Clutches

Upgrade your system with the Kendrion ON/OFF or 2-SPEED Electromagnetic Fan Clutch

Benefits of Kendrion 2-SPEED over ON/OFF Technology:

No contact between moving part in speed one extends clutch life.

Reduces parasitic horsepower and improves fuel economy.

Improved cooling system performance

Reduces “Thermo Stress” on charge air coolers

Reduces under hood temperature

Improves A/C system

Benefits over viscous technology:

Full lock up provides increased cooling capacity

No oil to leak out or over heat providing longer clutch life

Improved fuel economy

Controlling by engine ECM improves cooling system performance

No “Morning Sickness” reduces warm up time

Improves A/C performance

Application	Engine	ON/OFF Part Number	2-SPEED Part Number	Wire Harness	Control Sensor
International 3000IC,3800, 4700, 4900, School Bus	DT466 DT530	L100	L102	WHL100	TS210
	DT444 V8 7.3 Liter	L103	L104		Engagement Temperature 210°F
International 4300, 4400	DT466 DT530	L105	L106	WHL100	TS210
	DT444 V8 7.3 Liter	L103	L104		Engagement Temperature 210°F

When replacing viscous fan clutches you will need a fan clutch control switch and wire harness

993296	3 -way Solenoid Valve with Fittings
993935	3 -way Solenoid Valve with Fittings
3282	3-way Solenoid Valve (Valve Only)

Remanufactured Fan Drives

Clutch Type: S Advantage

Part Number: 790XXX

Clutch Type: HT/S Advantage

Part Number: 791XXX

Clutch Type: Drive Master™ ON/OFF

Part Number: H4900XXX

Clutch Type: Drive Master 2-SPEED

Part Number: H4900SXXX

When ordering remanufactured fan clutches use the above format. For example,

1. When it is a S or HT/S type use the full Horton number (790009, 791027)
2. When ordering DriveMaster™ ON/OFF use the last three numbers of the Horton number (H4900223)
3. When ordering DriveMaster™ 2-SPEED use the last three numbers of the Horton number (H4900S300)

Warranty Policy – Terminator™ Fan Drives

LIMITED WARRANTY

In lieu of all other warranties, KENDRION warrants its new LINNIG® Terminator™ Fan Drives will be free from defects in material and workmanship for:

Two Years Unlimited Miles and Hours from the in-service date of the vehicle or date when the fan clutch is installed.

This warranty applies only to fan drives shipped by KENDRION and its authorized dealers, and does not cover any accessories that are supplied by any other manufacturer. This warranty is not transferable. This is the entire warranty offered by KENDRION. No other warranties, whether expressed, implied or statutory are given, and all such other warranties are hereby expressly disclaimed.
