ULTI-PURPOS

SPRAY LURE

silicone.

Part No.Description 1190620 16 oz. net spray can Introducing a more environmentally-friendly, custom-made lubricant designed specifically for overhead truck doors.

Thanks to its advanced *food-grade* quality formula (hence the "FG"), TODCO FG Lube will lubricate springs, rollers, bearings, hinges and locks as effectively as the original TODCO Lube, with minimal environmental impact. All food-grade lubricants must perform the same functions as other lubricants – protect against wear, friction, corrosion and oxidation, and be compatible with rubber and other sealing materials – but prove safer for

the environment.

Part No. 39000-1002FG 39000-1012FG 39000-1016FG Description Net 4 oz. can, 12/case Net 12 oz. can, 12/case One gallon container, 4/case

ROLL-UP DOOR FRAME CONVERSION KITS

Frame Conversion Kits

Easily convert swing doors to roll-up doors with these three-piece close-out kits. To install, the swing door is removed, and two vertical side posts and one header post are welded into place. Both are made from 10-gauge (.135) hot-rolled steel for strength and long life. Once they're in place, your trailer is then ready for installation of an overhead door. In a few simple steps, you've gained all the durability and performance advantages of an overhead door.

Part No. 70411-1 Dry freight Overhead Door Kit

Consists of one 7" header post and two 2-1/2" vertical side posts. Header is 102" long; side posts are 120" long.

Part No. 70411-2Refrigerated Trailer Overhead Door KitConsists of one 9" header post and two 2-1/2" vertical side posts.Header is 102" long; side posts are 120" long.

TODCO ROLL-UP DOOR ASSEMBLIES

FOR A TODCO DRY FREIGHT DOOR ASSEMBLY TO COME COMPLETE WITH TRACK AND COUNTERBALANCE PUT THE WORD "KIT" ON THE END OF THE PART NUMBER: Example: 99610 is a drop in door only, and 99610KIT comes with drop-in door and track and counterbalance. (Side seals not included in kits)

IF WE HAVE IT IN WHITE, THE LETTERS "WH" ARE AFTER THE PART NUMBER: Example: 99836 is a drop in door only, and 99836WH is the same door in White. Then, 99836WHKIT comes with white drop-in door and track and counterbalance. *Tongue and Groove panels, 1" rollers. Drop-in door includes hardware only.*

99900T = Track and Counterbalance Kit is what comes bundled with the drop-in door in the kits. It consists of: Counterbalance, LH & RH Vertical Track and LH & RH Horizontal Track.

Standard Feature:

Todco is committed to continually pioneering overhead door technology. A perfect example is the use of premium grade wood in the Transportation Core™, a 3/4" 7-ply, medium density overlay panel. It starts with a premium-grade hardwood outer veneer that virtually eliminates wood grain "telegraphing" for a smoother, more uniform look.

Other Features Available:

Four-knuckled hinges, stainless steel rivets, self-adjusting springless maximum security locks, quiet nylon tube hinges, space-saver 1" side clearance, rust-inhibiting e-coating, pre-lubed sealed rollers, and recessed hardware.

TODCO ROLL-UP DOOR PANELS

INTERMEDIATE PANELS

BOTTOM PANELS

•Lift Handle.

29020-15x98

- come with hardware attached to one side.

Note: The following items are installed on each panel:

•Pull Strap,

Panels are routed extra long on one side to facilitate hardware installation if trimming panel is necessary.

(fixtures for opposite side included in package attached to lift handle)

•Bottom angle, •Bottom seal, •Bottom fixtures on one side

•Decal

KITS have these parts included:

Counter balance, LH & RH Horizontal tracks, LH & RH Vertical tracks. NOTE: Side seals are not included with door kits. Order separately if desired.

•Premium grade 7 ply, 3/4" panels manufactured with a medium density overlay (MDO), laminated to smooth hardwood outer veneers of Transportation Core ™ plywood, all designed for optimum strength and appearance.

- 2" track and nylon rollers for durability. Tongue-and-groove type or ship lap joint-(special order)
- 2 cable balancer with independent spring for each cable. Springs treated with rust preventative.
- 4 rows of hinges. Patented roller-change hinge design. Aluminum or steel rivets.
- Prime painted at factory. Door hardware E-COATED. (Automotive quality corrosion protection.)

GENERAL PURPOSE ROLL-UP DOOR ASSEMBLIES

GENERAL PURPOSE IN WHITE: THE LETTERS "WH" ARE AFTER THE PART NUMBER: Example: 1098112 is a drop in door only, and 1098112WH is the same door in White. Then, 1098112WHKIT comes with white drop-in door and track and counterbalance; tongue and groove panels, and 1" rollers. Drop-in door includes hardware only. 99112W is the track and operator kit for 112" general purpose doors. 99900T is the track and operator kit for all other general purpose doors. Side seals are not included. Order separately if desired.

1014081	1/2" seal	

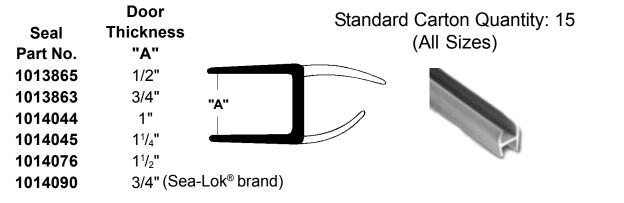

SWING DOOR SEAL

Dual Durometer Seal

A premium quality seal that stands up to severe service. Does not crack in the cold. Withstands warm weather without warping or distortion. Length - 14'

SWING DOOR SEAL - "SUPER SEAL (SS)"

Dual Durometer "Super Seal"

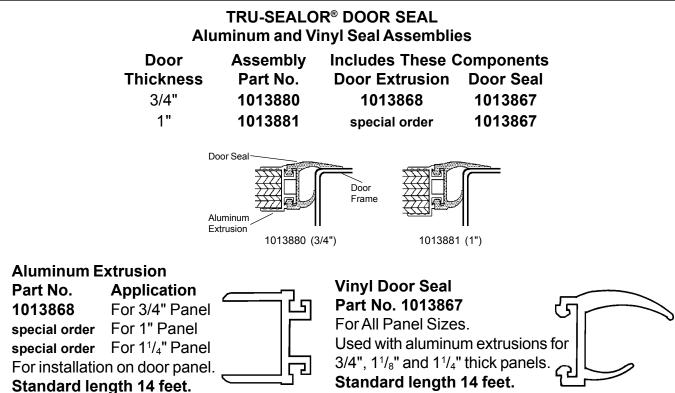

Moisture is the enemy of Ply-metal doors. Sealing beads on this seal contact the door surface when this seal is installed, helping to insure a waterproof installation.

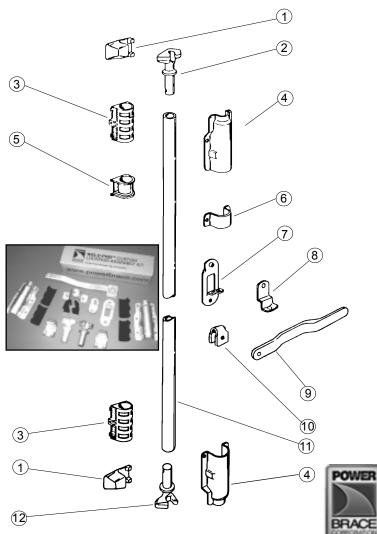

Length - 14' - 15 per carton - 3/4" application. Part No. 3/4X14SS

SWING DOOR TRUSEALOR® DOOR SEALS

REAR DOOR LOCK HARDWARE

Rear Door Lock Hardware Kit

Zinc plating on all steel components Can be installed on RH or LH door.
