

# VERSATILE. EFFICIENT. SAFETY.

The QWIKTIE tie rod assembly offers a highly adaptable solution that can accommodate a wide range of tie rod lengths. Increased clamping and tube strength allows it to hold alignment longer, reducing stress on other suspension components.

Increased range adjusts to fit over 80% of tie rod assembly lengths on the market (57 3/8" to 73 1/8").

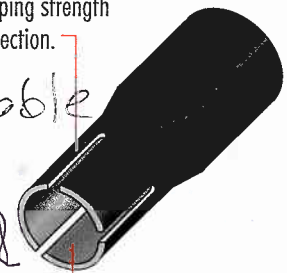

Advanced technology in adjustment design allows greater flexibility to fit a wider selection of tie rod lengths.

Powder coated for corrosion protection.

Improved clamping system includes a third relief cut, to provide tighter clamping strength for a safer and more secure connection.

*Are these part #'s available*

*PDC or Direct Ship?*

Finer threads provide more precise adjustment capability.

## QWIKTIE TIE ROD ASSEMBLY

Tie Rod End Industry Std. Reference Number	QWIKTIE Part Number	Axle Code	King Pin
ES3219L, ES3220R	QT967SS	FF-961, FF-966	K961L
ES423L, ES423R		FF-981, FF-986	K981R
ES9001L, ES9001R	QT108SB	02-ADD	K120I
ES431L, ES431R		FL-931, FL-941	KH931L
ES9328L, ES9329R		E1462/W	K147E
ES431L, ES431R		EFA18F3, EFA20F4	K180E

*This table captures example cross references to a QWIKTIE tie rod assembly. For any given axle or tie rod end there can be many possible combinations of cross-tube lengths. For example, there could be as many as 40 different assemblies using the ES423L tie rod end.*
